**4th World Congress on Electroporation
& Pulsed Electric Fields in Biology, Medicine
Food and Environmental Technologies**
Copenhagen · Denmark 19 - 23 September 2021

Welcome

Welcome to the 4th World Congress on Electroporation and Pulsed Electric Fields in Biology, Medicine and Food & Environmental Technologies that is scheduled to take place in Copenhagen, Denmark during the week of September 19th to 23rd, 2021.

The meeting is organized with the intent of bringing together people from different disciplines possessing diverse expertise, who are involved in basic research or are developing applications based on electroporation and the use of pulsed electric fields of high intensity. The aim is to create an environment stimulating interdisciplinary interactions, to present latest achievements and demonstrate current knowledge.

Are you the perfect match for the 4th World Congress Electroporation?

Not sure if your product is of interest to attendees of the 4th World Congress on Electroporation and Pulsed Electric Fields in Biology, Medicine and Food & Environmental Technologies?

To help you determine if you have what our attendees want, below is a list of various types of organizations and products that our members would love to see!

- Medical Device Manufacturers... Meet the researchers and health care professionals who work with devices for human and veterinary application.
- Biological Equipment Manufacturers and Biological Suppliers... Introduce new products or reinforce the availability of your current product lines for DNA prep, cell culture, electroporation, pharmaceuticals and more.
- Pulsed Electric Field Equipment Manufacturers... Introduce new generators and PEF treatment chambers for industrial and laboratory applications.
- Computer and Software Manufacturers... Show our members how to address their personal and professional computer needs.
- Government Agencies... Disseminate information about current policies, programs, and services.
- Industrial Corporations... Present your company's important research and developments.
- Information Services... Provide hands on demonstrations of scientific and technical databases to our scientists.
- Microscope Manufacturers and Suppliers... Show your most advanced equipment to encourage new research possibilities.
- Publishers... Display textbooks, professional journals, and research publications.

Academic institutions... Share your current programs and research with others actively working in the field. And more... Do you have an interesting service or product that could be of use to our attendees? Here is your chance to display it and explain its value face-to-face to our scientists and researchers.
